

Flat Deck

ON-TRUX Ltd.
Roll-off Systems

On-Trux offers a full range of standard flat decks with numerous options as well as custom designs built to meet your requirements.

Standard design Flat Decks are available with a 2 tier front rack, 3/16" or 1/4" checker plate floors and full length rub rails and finished with a primer undercoat and black top coat paint.

On-Trux standard options included front racks, chain & binder rack, chain key holes, "D" rings, fixed ramps, inverter ramps & flip ramps, electric winch packages, front & rear rollers, removable side racks, hot dip galvanizing and more.

Custom design decks are available in low profile and low load angle versions to meet the requirements for equipment moving, vehicle recovery and moving sea containers to name a few.

On-Trux Flat Decks are available in lengths from 10' to 30' and offer the same quality, versatility and performance you get with On-Trux Roll-offs and Hook Lift Systems.
