

# Unlimited versatility

# from a single truck.

Imagine the possibilities.  
Pocket the savings.

## It's time to take control of your truck.

## With On-Trux the possibilities are endless!

## Change decks in under 3 minutes!

With the innovative ON-TRUX Roll-off System, the possibilities are endless. A single, medium duty truck is instantly transformed into a wide variety of versatile vehicles, all perfectly suited to the job at hand. From dump boxes and refuse bins to on-site storage units and mobile offices, the ON-TRUX system delivers performance, flexibility and savings. Capital expenditures and maintenance costs are slashed while vehicle productivity is dramatically increased.

**Finally... the versatility you need to manage the changing demands of business, day after day, year after year.**

Ayr, ON Canada

# ON-TRUX<sup>Ltd.</sup>

Roll-off Systems

Components can be dropped off at the job site, eliminating the constant transfer of tools and materials, freeing up the truck for other duties.

All ON-TRUX interchangeable decks allow for ground level entry for more efficient loading and unloading.

Purchase or lease from our extensive list of deck options.

## Why not make your medium-duty fleet more flexible ...

## With the ON-TRUX Roll-off System.

Finally...the versatility you need to manage the changing demands of business, day after day, year after year.

## Imagine the possibilities.
